

## Quick Facts: Moloka'i

Moloka'i is the place to experience the "Hawai'i of the past." Natural countryside, empty beaches, and great outdoor activities harmonize with authentic cultural experiences; it's a chance for visiting groups to live like the locals and is a great daytrip from Maui.

Moloka'i has one hotel but plenty to take in: The world's tallest sea cliffs measuring 3,000-feet high are here, as well as Hawai'i's longest continuous fringing reef.
