

# RENO TAHOE

Where North America's Largest Alpine Lake Meets the Biggest Little City in the World

## WHEN THE MEETING ENDS, THE FUN BEGINS.

In Reno Tahoe, we know the best connections are often made outside the convention center walls. With dining, outdoor activities, and arts and culture all within minutes of each other, you can make the most of your time before or after your meeting. We invite you to experience all the destination has to offer.

### Fill Your Social Calendar

Around here, our calendar is always full. From our iconic annual events such as the Reno River Festival, Reno Rodeo, Artown, Hot August Nights and more, to concerts featuring headlining acts and unique festivals galore, there are events for food lovers, art enthusiasts, sports fans and everything in between. No matter when you choose to visit Reno Tahoe, there will certainly be something special happening. See a full list of events at [VisitRenoTahoe.com/events](http://VisitRenoTahoe.com/events)

### Come Hungry. And Thirsty.

Reno Tahoe's growing brewery and dining scene brings out the foodie in all of us. Here, you'll find countless ways to fuel your adventure after the meeting ends. Sip your way through dozens of coffee shops, local breweries and distilleries, or satisfy your hunger for variety with a culinary tour around town. Either way, treat yourself to an insider's taste of the Reno Tahoe food scene.

### The Streets are Alive...With Art

This is a region rich with culture and a true arts destination. Several museums, including the Nevada Museum of Art and the National Automobile Museum, can be found in downtown Reno. Take a stroll along the Truckee River to discover Burning Man sculptures or explore the streets of downtown and Midtown where you will find dozens of larger-than-life murals. Guided tours of Midtown's murals are held monthly.

### Find Room to Roam

With more than 300 days of sunshine each year, opportunities to get outside in Reno Tahoe are endless. It's easy to find activities no matter the season. Spring, summer and fall are perfect for hiking, fishing, horseback riding and Lake Tahoe cruises are nearby. In winter, explore the Lake Tahoe region where you can find the largest concentration of ski resorts in North America, horse-drawn sleigh rides, snowshoeing and snowmobile tours.
